

Coming January 14, 2026: A New Online Banking Experience!

What's happening? WoodTrust Bank's online banking is getting an upgrade!

Modern and Responsive

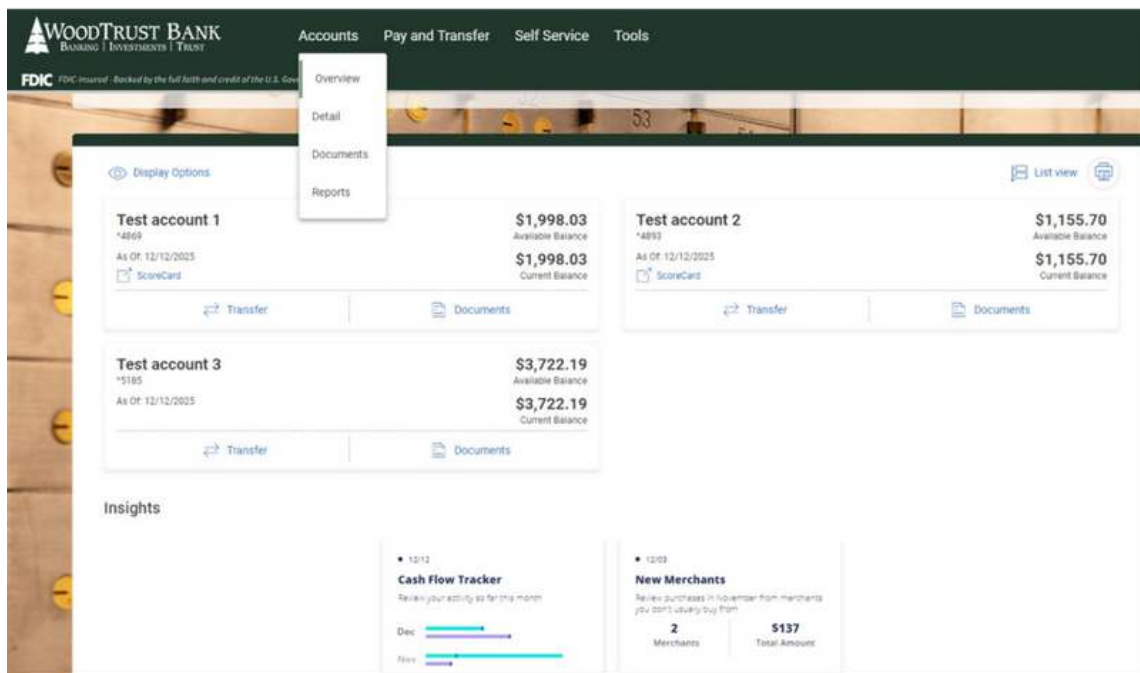

On January 14, 2026, online banking is getting an upgrade! The new platform has a sleek, updated interface that works on your desktop, laptop, tablet or cell phone with a standard browser - giving you freedom to do your banking wherever and whenever. In addition, your existing mobile app. continues to be available and provides your optimal experience for banking on a mobile device.

Login and Authentication

You will continue to access the site using the existing URL address and we're using your existing ID and password and authentication technology to continue to keep your online sessions safe and secure. Additionally, IDs are no longer case sensitive, and you may be prompted to update your ID on your initial login attempt to the new site. Also, if you login from a device or location that is not recognized then you may be required to confirm your identity through a one-time PIN code.

Updated Menus

Watch for updated menu names to navigate to the features you commonly use such as Accounts, Move Money, Documents, Secure Messaging, and Self-Service.

Introducing Your New Online Banking Platform

What's happening? On January 14, 2026 WoodTrust Bank's online banking is getting an upgrade! Our new platform offers a more modern, secure, and user-friendly way to manage your finances. It is designed to give you a better, faster, and safer experience. Whether you're checking balances, paying bills, or transferring funds, everything is now easier and more intuitive.

Key Features

- **Unified, Modern Interface** - A clean, intuitive design for both web and mobile with streamlined navigation.
- **Fast & Flexible Money Movement** - Transfer funds, pay bills, make loan payments, and send money with Zelle®. Includes remote deposit capture and external account management.
- **Enhanced Security** - Advanced encryption and fraud protection capabilities, including biometric and multi-factor authentication, if supported by the make and model of your mobile device.
- **Mobile-Friendly Access** - Enjoy a seamless experience on any device with full functionality on desktop, tablet, and mobile.
- **Personalized Dashboard** - See what matters most to you at a glance for a more tailored banking experience.

Benefits to You

- **Save Time** – Faster access to your accounts and transactions.
- **Stay Secure** – Industry-leading security features keep your information safe.
- **Bank Anywhere** – Full functionality on desktop, tablet, and mobile.

What do you have to do?

Simply log in to your online banking account at [woodtrust.com](https://www.woodtrust.com) using your current username and password. If you login from a device or location that is not recognized, you may be required to confirm your identity through a one-time PIN code. Your account details and settings will stay the same - so you can start enjoying the upgraded features right away!

Introducing Your New Online Banking Platform

What's happening? WoodTrust Bank's online banking is getting an upgrade!

The image displays three screenshots of the WoodTrust Bank online banking platform, illustrating the new user interface and features.

Top Screenshot: Account Overview
The top screenshot shows the main dashboard with the WoodTrust Bank logo and navigation tabs: Accounts, Pay and Transfer, Self Service, and Tools. A dropdown menu for 'Accounts' is open, showing options: Overview, Detail, Documents, and Reports. The dashboard displays three test accounts with their available and current balances, and options to transfer or view documents.

Bottom Left Screenshot: Transfer Interface
The bottom left screenshot shows the 'Transfer' interface. It includes tabs for Make Transfer, Scheduled, History, Zelle®, Templates, and Manage Accounts. The 'Make Transfer' tab is active, showing fields for Transfer From, Transfer To, Amount, Description (Optional), Frequency, and Transfer Dates.

Bottom Right Screenshot: Self Administration
The bottom right screenshot shows the 'Self Administration' interface. It includes tabs for Change Password, Personal Preferences, and Change Username. The 'Change Password' tab is active, showing fields for Current Password, New Password, and Confirm Password, along with password requirements and an 'Update Password' button.
